## SOUTHERN CHINA REBELS AGAINST MONARCHY PLAN

Revolution Flares Out in Shim  
Sai and Kum Shok; Army of  
National Party Traversing  
Whole Provinces Unopposed

### 'FRISCO CHINESE CABLE \$200,000 TO AID CAUSE

Mail Advises From Associated  
Press Prophesied Probable  
Outbreak if Yuan Shih-Kai  
Persisted in Plan to Become  
Emperor

(Special Cable to Liberty News).  
SAN FRANCISCO, Oct. 22.—Revolution has broken out in the provinces of Shim Sai and Kum Shok, China, and the military of the National party are marching unopposed through the provinces. As they pass through the different cities in these and neighboring provinces they have been welcomed with enthusiasm and many have been received as liberators. The National party is expected to win in these provinces, and the movement is receiving great encouragement by the leaders in the various provinces.

No skirmishing has been as yet, as wherever the National soldiers have visited they have been received with open arms, and aided in every way to make their campaign against Yuan Shih-Kai a successful one. Dr. Sun Yat Sen has received encouragement from the people of many of the provinces, and the soldiers of the Revolution will continue their present plans of advancing until Yuan Shih-Kai changes his policy of administration. When the news was received that the revolution had started, four persons in the southern section of China started on a journey to join with the revolutionaries. The Chinese are not only of revolutionaries, but the people of these provinces began an organization to assist the other provinces in the fight for the retention of the Chinese Republic.

Yuan Shih-Kai of the news from China in this city the Chinese National League of America immediately called \$200,000 to assist in the revolution against Yuan Shih-Kai. Many of the prominent Chinese in San Francisco are confident that the movement which was started in Shim Sai and Kum Shok will be successful.

## THINKS FIFTEEN MINUTES LIMIT FOR CREW OF F-4

### Lieut. C. M. Yates of F-2 Quoted as Saying Battery Trouble Caused Disaster

That the F-4's crew and officers died within 15 minutes after trouble developed in the submarine's batteries is the opinion of Lieut. Charles M. Yates, former commander of the F-2, who is visiting on the mainland on leave of absence.

In the October 3 issue of the Los Angeles Graphic a weekly publication of local circulation throughout California, an item in the "By the Way" column is devoted to Lieut. Yates' theories, as follows:

"This week I had a talk with Lieut. Yates of the submarine branch of Uncle Sam's navy, who has been stationed at Honolulu for several months, where he was in command of F-2, sister boat of the ill-fated F-4, which found a grave for its crew in the deeps of Honolulu. Lieut. Yates was the first man to enter the shell of the F-4 after the submarine was raised and turned in a shell.

"He expresses the belief that death came to the crew, specifically, probably within 15 minutes after the trouble in the battery developed. This drove the men off where they had been quickly resulted in the flooding of the interior. There was, consequently, no time to prepare any messages, no opportunity to write farewell or any sort.

"This explains the absence of a line of 'good-byes' to throw light on the disaster. The commander of F-4 was a close friend of Lieut. Yates; they were at a party together the night before the boat went to the bottom of the ocean. Mr. Yates is here on leave. His parents live at Long Beach."

## JUDGE COOPER HAS RESIGNED CARNIVAL WORK

Director-General of 1916 Event  
Finds Private Business  
is Pressing

### VOYAGE TO PALMYRA, HIS ISLAND, IS POSSIBILITY

Schooner Luka Will Probably  
Sail for Copra Estate  
Next Week

Judge Henry E. Cooper, director-general of the 1916 Mid-Pacific Carnival, has resigned and within the next few days his resignation will be formally before the Carnival company heads for action.

Beyond the fact that the letter of resignation has been written and received by the Carnival directors and that it is considered to be final, few facts are known. Friends say that Judge Cooper has found himself unable to devote the time he feels is necessary to make the Carnival the success he intended it should be, and he believed it better to retire now so that his successor may have plenty of time before next February to step into the harness and carry along the work.

Officials of the Carnival decline to discuss the resignation until it is before them at a meeting. A rumor along the waterfront today was that the schooner Luka would sail for Palmyra, Judge Cooper's copra island estate, next week. Judge Cooper confirmed the fact that the schooner will shortly sail for his island, but declined to say who would be in charge of the expedition. It is now thought possible he may go.

## DAHU RAILWAY IS PLANNING FINE NEW STRUCTURE

Store Building to Go Up on Lot  
Facing King Street at the  
River; Clearing Site

Buildings are being torn down on the lot of the Oahu Railway & Land Company which corners at the river and King street to make way for a modern store building, which will be put up by the company as soon as plans are completed.

The building will probably cover the whole block and will have a number of storerooms on Ala street and on King street. Though admitting that they had fully decided to build on the lot, and that their plans contemplated the erection of one of the best buildings in Honolulu, officials of the company today refused to give out any details regarding their plans.

"All of our plans are in our heads now," one of the men remarked. "Nothing has been put on paper, and until this is done we would not like to give out anything. The plans may be materially changed before work is begun."

Oahu Railway officials expect the plans to be drawn and in shape to figure costs from within a month.

Rumors that another big building would be put up on King street next to the Palama Settlement were denied by officials of the company, though they said that they "might possibly build there." When asked whether they would require the Palama Settlement to turn over the Walkiki half of the block which the company has allowed the settlement to use for children's playgrounds, one of the officials said: "We have not notified them of any such intention."

J. A. Rath, headworker of the settlement, said today that he had been unofficially told that this piece of ground on which the children have been playing must be given up within six months. "The railroad company has been kind enough to let us use it, and I suppose now they need it for their own purposes. We are preparing to move our office and our kindergarten which are partly on railroad land and to give up the playgrounds."

Unless the settlement can raise enough money to buy or lease a plot of land lying next to their property on the Ewa side, the children will have little room for games or recreation. The piece of land on which the settlement is figuring is large enough, and only needs leveling to make an ideal playground, as it is splendidly located. The price set on it is far less than the figure asked for the playgrounds now in use at the settlement.

Up to October, a total of \$1,250,000,000 had been paid in on the third German war loan.

Mrs. Charles Whitman, wife of Governor Whitman, delivered a speech in favor of woman suffrage at Albany.

John Lloyd, head of the oldest hardware and machinery house in New York, died in Brooklyn. He was 80.

## CHILTON TELLS NEW VERSION OF POACHER PARTY

Denies Any Agreement With  
Scully to Keep Witness From  
Liquor License Board

### NOT GUILTY DIRECTED VERDICT IS ASKED FOR

Conspiracy Case Expected to  
Come to an End This Afternoon; Defense Rests

After lengthy examination and cross-examination of Willmet R. Chilton, one of the defendants, the defense in the Scully-Chilton conspiracy trial rested its case this morning. Testimony in rebuttal is being introduced this afternoon and it is expected that the case will go to the jury late today.

Immediately upon the reading of its case, the defense moved to introduce a motion for a directed verdict of not guilty. The court stated that such a motion would be heard after all the evidence was in. The motion probably will be introduced again this afternoon.

Chilton declared, during his testimony, that at no time last year did he enter into an agreement with Scully or anyone else to "split" John H. Fischer from a meeting of the liquor board at which was being investigated the application of the erstwhile Walkiki Inn for a liquor license. The witness further declared that at no time prior to the "poacher hunting" trip to Kilauea, or during the trip, did he know that Fischer and Police Officer Kramer were wanted as witnesses at the meeting.

Fischer Asked to Go Along.  
Regarding the presence of Fischer during the trip, Chilton said that Fischer had asked to be taken along.

"Fischer said that he was not going to be a witness for the liquor board because he was not working for License Inspector W. P. Fennell any more," said the witness.

Chilton, Kramer, Perry and Bob Lillie, who started on the first trip to Kilauea on June 26, 1914, said the witness. They were under orders from Sheriff Charles Rose. The first trip had to be postponed on account of rain, he added.

During the first six months in 1914, said the witness, Chilton's relations with Scully were not very friendly, and he had nothing in common with the then manager of the Walkiki Inn. "I had no arrangement with Scully or anyone else to prevent Fischer from being a witness before the liquor board," testified Chilton.

On June 26, Fischer went to Chilton. (Continued on page two.)

## HACKFELD'S GET AGENCY FOR NEW CHINESE LINE

Steamship China, Former Pacific Mail Vessel, Starts for Honolulu With Old Crew

(Special Cable to Liberty News).  
SAN FRANCISCO, Cal., Oct. 22.—The Chinese Mail Steamship Company's steamship China will leave this city tomorrow for Honolulu. No change has been made in the officers of the liner, and the old Pacific Mail crew will be retained.

The purchase price of the China was announced today as being \$300,000.

Hackfeld & Company of Honolulu have been appointed agents in Hawaii for the Chinese Mail Steamship Company.

"We have been told the same thing by the Chinese papers," H. Hackfeld & Company reported this afternoon, "but we have not received any official notification that we are to be the agents. We are expecting word soon, however."

The company stated that it had been informed from the same source, that the China will be so crowded when she sails from San Francisco tomorrow that she will not have room for any passengers from this port. The steamer, one of the oldest trans-Pacific liners owned by the Pacific Mail before it was purchased by the new Chinese Mail Steamship Company, has accommodations for nearly 150 cabin passengers.

## FORBES AND GOVERNOR LEAVE ON DECEMBER 1

Superintendent of Public Works  
+ Charles R. Forbes announced today that he will accompany Governor Pinkham to Washington, leaving here about December 1, and spending about two months on the mainland. "I am going on matters pertaining to the Terrell bill, and will take up certain improvements planned in this department while there," says Forbes.

# SERBS TRAPPED; GERMANS MENACE RIGA BRITISH SUBMARINES DOMINATE BALTIC

## TEUTON FORCES AND BULGARIANS OVERRUN SERBIA

Many Invading Troops Now  
Working in Conjunction to  
Surround Serbs and Force  
Surrender of Nation

The following cablegrams from official German sources were received today:

### THURSDAY'S SITUATION

"German army headquarters report of October 21: A general advance is being made in Serbia. In the Russian theater, Gen. von Hindenburg's army has occupied the banks of the Drina from Borokovitz to Bersemond. The number of prisoners has reached 175, and six machine guns have been taken. Gen. von Linsingen's army in a battle on the river Sava near Starowatz, is still fighting. Part of a German division withdrew back to a position owing to considerable superiority on the part of the enemy. Several cannons were lost. A counter attack is going on.

"In the Serbian war theater the Allied troops are advancing along the whole front, from Stepetskyevac to Lascovac, the Bulgarians and Germans cooperating. Germans progressed west of Morava and east of Morava. Bulgarian troops are fighting near Nagotin and southward and have reached Zayevac and Knyazevac.

### TODAY'S SITUATION

"German army headquarters report of October 22: The Russian attack northwest and southeast of Baranovich was repulsed by Prince Leopold's Bavarian troops. Eight officers and 1140 Russian soldiers were captured. Gen. von Linsingen's army west of Czartowatz threw back the Russian in a general counter attack. During the last few days we have captured 18 officers and 1800 men, taking 100 cannons and 100 machine guns. In the Serbian war theater Gen. von Mackensen's army has reached the line of Anayevac to Staling mountain. Gen. von Gallwitz's troops advanced to Selevac, Savinovac and Tronovac and north of Ranovac. Bulgarian troops have occupied Kumanovo and Velea and further drove the enemy across the Vardar, south of Strumitsa."

## NO SETS RECORD OF 298 OUT OF POSSIBLE 325

National Guard Team From  
Hawaii Do Best Shooting  
on 1000-Yard Range

(Special Star-Bulletin Wire News).  
STATE CAMP GROUNDS, JACKSONVILLE, Fla., Oct. 22.—Sgt. James Ho led the rifle team of the National Guard of Hawaii in the shooting here yesterday. He scored 298. The team did its best shooting on the thousand yard range.

A score of 298 out of a possible 325 made by Sgt. James Ho puts him in the ranks of the best shots in the country, according to officers of the militia here. But while they are pleased with Ho's work they are at a loss to understand the reports which have come over regarding the standing of the team as a whole.

According to one message the team made a higher score than 16 of the competing teams, making 2644 points. They won over the District of Columbia, New Hampshire, Utah, Alabama, Arkansas, Georgia, Oklahoma, Rhode Island, Colorado, Connecticut, Maine, Montana, South Carolina, Missouri, North Dakota, Louisiana, Delaware and the South Carolina academy.

Estimating that the same number of teams shot this year as in 1913, when nearly 60 teams competed, Hawaii would be in forty-sixth place if she defeated only 16 teams.

Militia officers here believe there is some error, and that it will be found that the team from the islands has made a better showing as a team than appears from reports so far received.

In 1913 the Hawaiian team took twenty-sixth place with 80 teams to compete against, and with a team which was not judged to be as good as the one which went over this year.

Robert P. Skinner, American consul-general in London, will sail for New York within three weeks on leave of absence. British residents at Trinidad sent 40 gallons of coconut oil to London for Sikh soldiers in France, who use it in dressing their hair. The steamship troops arrived at New York from San Domingo with 120 tons of copper ore, the first shipment from that country. Professor Robert S. Sutherland of the observatory at the University of Barcelona, announced that he had

### BRITISH PREMIER ILL: FORCED TO TAKE REST

Ill from overwork, Premier Asquith has been forced to take a rest, according to recent news from London. His retirement is expected to be but temporary.

## BANDIT RULE IN MEXICO GOES ON; HUNT IS PLANNED

Yaqui Indians Ambush Carranza Troopers and Massacre 44, Then Burn Bodies

(Associated Press by Federal Wire News).  
TOPELOAMPO, Mex., Oct. 22.—Ambushed by a desperate band of Yaqui Indians, 44 Carranzistas were killed near Lomochila, according to advices here. The Yaqui numbered 150. They piled the bodies on a railroad bridge and burned everything. Carranza troops are pursuing them.

WASHINGTON, D. C., Oct. 22.—The 28th Infantry has been ordered from Galveston to Marlingen, Tex., to protect border posts.

BROWNSVILLE, Tex., Oct. 22.—Jose Garza, the Carranza consul resident here, intends to send Gen. Eugenio Lopez against the bandits on the Mexican side.

### PORTER CHARLTON MAY KNOW FATE WEDNESDAY

(Associated Press by Federal Wire News).  
COMO, Italy, Oct. 22.—Much sensational testimony is coming out at the trial of Porter Charlton, the American accused of the murder of his wife, whose body was found in Lake Como several years ago. Twenty witnesses have been heard concerning his life and his quarrel with his wife. Much of the testimony is contradictory. A verdict is expected next Wednesday.

## LOGAN CAN TAKE ONLY FIVE ARMY MEN TO MAINLAND

Officers and men who are waiting to go to the mainland on the transport Logan, which arrives here November 4, will have to find some other way to get to San Francisco or wait until the next transport and take their chance of getting berths. This was made certain when the quartermaster's department was informed by cable this morning that there were but five first-class berths on the Logan and no second class accommodations.

The Logan sailed from Nagasaki October 22 at daybreak. She is filled with troops returning from the Philippines. Hundreds of officers and men have who have leave of absence or expired terms of leave been transferred and are almost impossible to find.

# BULGARIAN VICTORY IN SOUTH MAY MEAN RELIEF EXPEDITION OF ALLIES IS BEATEN BACK

MOVEMENTS OF ANGLO-FRENCH TROOPS WHO LEFT  
SALONIKI TO REINFORCE SERBS NOT KNOWN—NISH  
DECLARES INVADERS HAVE PAID DEARLY FOR ADVANCE  
—HEAVY BRITISH CASUALTIES REPORTED

(Associated Press Service by Federal Wire News).  
LONDON, England, Oct. 22.—Trapped between the superior forces of the Germans and Austrians invading Serbia from the north and west, and the Bulgarians who have marched from the east, the little Serbian armies are in danger of being crushed within a few days.

So rapidly are the jaws of the trap closing on the Serbs that only the possibility that the Allies may get reinforcements to them gives hope that they can escape.

The most menacing factor is the flank attack of the Bulgarians, who are able to penetrate into a part of Serbia that is difficult to defend when a portion of the defensive forces must hold the mountain passes to the north.

At the capitals of the Allies nothing has been given out about the movements of the relief expedition of British and French troops which landed at Saloniki and started along the railroad toward Nish.

It is reported that a great battle has developed in the neighborhood of Veles (Velese), Macedonia, but it is not definitely known whether it is on Greek soil or just over the border in Serbia. It is possible that the Bulgarians met the relief expedition here.

## British Submarine Sinks Four German Vessels; Baltic Dominated

STOCKHOLM, Sweden, Oct. 22.—A British submarine operating in the Baltic sea has sunk four German merchantmen. German shipping is reported to be hugging the coast and taking refuge in various harbors because of the ravages of the British submarines.

## Riga Tottering; Germans Shell Railroad; Keep off Reinforcements

LONDON, England, Oct. 22.—It is generally admitted in the camps of the Allies as well as those of the Teutons, that the German campaign against the Russian port and fortress of Riga is likely to be successful within a short time.

The German troops under Gen. von Hindenburg have now reached to within 12 miles of Riga. In two places the heavy artillery of the enemy is bombarding the Riga-Dvinsk railroad and depriving the Russians of means of bringing supplies and reinforcements to their battered regiments.

## Anglo-French Expedition May Have Met Disaster in Strumitsa Fight

LONDON, England, Oct. 22.—The official German announcement that the Bulgarians have driven an opposing force across the Vardar river, south of Strumitsa, may mean that the relief expedition sent out by the Entente powers met defeat here at the hands of the Bulgars. The Vardar runs northwest and southeast from Serbia into Greece near Strumitsa.

## Heavy British Losses Since October 1 Reported Officially

LONDON, England, Oct. 22.—British casualties since October 1 were announced today. They amount to 2285 officers and 50,072 non-commissioned officers and men.

## Serbs Claim Invaders Pay Dearly

NISH, Serbia, Oct. 22.—Official—The losses of the Austro-German armies that have invaded Serbia amount to 50,000 in dead, wounded and prisoners. The invaders have been repulsed.

(Additional Telegraph Despatches on Page 7)

## NOTED GEORGE WARD SUIT IS UP TO APPEALS COURT

(Associated Press by Federal Wire News).  
SAN FRANCISCO, Cal., Oct. 22.—Hearing was begun today in the United States circuit court of appeals of the Inter-Island Steam Navigation Company' appeal from the award of \$15,000 to George Ward, a former inter-island employee who sued in the territorial courts for \$50,000 for injuries received in putting a cable on a coal conveyor.

## HOTEL GUESTS ROBBED

(Associated Press by Federal Wire News).  
SAN FRANCISCO, Cal., Oct. 22.—Suitors on the second floor of the St. Francis Hotel were robbed of jewelry amounting to \$1000 worth last Wednesday.

## JAPANESE AIR MAN FALLS FROM GREAT HEIGHT INTO CROWD

(Special Cable to Hawaii Shiping).  
TOKIO, Japan, Oct. 22.—In the grand maneuvers in southern Japan the aviators corps have been troubled with severe storms, and in yesterday's storm a Japanese aviator fell with his machine from a height of 1000 feet into the crowd and was killed and seven men and women injured. The aviator was not seriously injured.

## JAPAN'S NAVAL REVIEW IS SET FOR DECEMBER

(Special Cable to Honolulu).  
TOKIO, Japan, Oct. 22.—The Japanese government has decided to hold a naval review in the bay of Tokyo in December.
